SAN FRANCISCO, Aug 8 -Refused admittance to the house which sheltered his wife, whom he had not seen for some time, Ishabshi Sapea, a Japanese laborer, this morning slashed off the little finger of his right hand in a moment of frenzied excitement

Sapea, who lives at 1815 Sutter street, has been away in the country picking fruit. On his return last night he was informed that his wife had been going out with another man during his absence. He upbraided her ,and she fled, taking refuge in a house at 1909 Bush street When he reached there in pursuit Sapea was denied admittance, although he pounded excitedly on the door. Drawing a pocket knife he deliberately cut off his little finger and tore his hair in his excitement

The police had him conveyed to the Central Emergency Hospital and he was later placed in the detention ward to be

LARGEORD AND XAUFMAN BEADY FOR WEDTESONY MIGHT GO

Coffroth Willing to Match Hogan and Moran for Ten Rounds; Ketchell Finds His Belt; Johnson

May Go to Australia

By EDITE SMITH.

置OE WOODMAN, manager for Sam Langford, wired a close iriend and adviser in San Francisco yester-day as follows: "Sam will win sure. Kaufman a Fig. little big, but San will take him at last clip all the way. Looks lile we may get Johnson." This telegram looks as if it is the intention of Langford to try to land the sleep-preducing "Betsy Ann." If this is the case it will be well for Kaufman, as in this sort of a contest he would have some chance to rock the colored gent eman to sleep with his snappy right hand counters. If the little colored man stands off and boxes in clever masterly style hen Kaulman is gone, for he will not have a chance to land a glove on the little black man. Kauiman is too slow for the six-round game when pitted against such lightning-strikers as Langford, and if he gets past the black hurdle without

sacrificing the reputation he has worked up in the east he is lucky.

Both Jim Flynn and Jim B dry outboxed Kaufman during the learly rounds of their contests at 1 if they can do the trick, surely not one will say that Langford can lot. Kaufman has just one chance in the contest of Wednesday night and that is Langford's running into a punch that will dize him to the extent of allowing Kaufman. to force him into the defense.

Jimmy Coffcoth is row after "One-Round" Hogan and Owen Moran for a ten-round, no-deci ion contest at the Ureamland Pavilion. Had Frankie Burns wo: the decision forn Hogan he would have been the lucky boy to get this chance, but Hogan has taken his place through the close decision he won over the local boy and if he desires it he will be given the chance to break into the first rank of the lightweights. Hog m and Moran in a ten-round, nodecision contest would prove a fairly good drawing card and the contest would no doubt le a good one. Owing to the fact that Moran has so much more experience than Hogan there is little doubt but that he would prove the victor, but it is no ciuch by any means and Hogan would lose little in a ten-round newspaper decision going to Moran. There is the chance that Moran might put him out but the little Britisher is not o the knockout variety and Hogan need not lay awake at nights corryinging over that happening. Hogan has a fairly good punch timself and if he should land it on the right spot and flatter, the Englishman his reputation would be made and he would be in demand all over the country.

Hist! Listen! The S anley hetchel championship belt has been found. Where? In the parcel ream of the St. Francis Hotel among a for of uncalled-for buncles. The reputation of the entire sporting world has now been saved for vith the disappearance of the belt the entire sporting work stood accused of having "hornswaggled" it. The helt is not of any year great value to appear any part of the belt is not of any year great value to appear any part of the belt is not of any year. it. The belt is not of any very great value to anyone, not even Ketchel, for he has only one use for it and that would be to "hock" it, and if he did this he would not get far on what he received as a Papke, the fighter reported it to the police and made a great fuss over its loss. Stories about the fighter have sent it to one of the well known uncles in Sai. Francisco, and another about a winsome young lady wearing it were told. Now the story is that Ketchel had the belt out one even ug who a he was on a time and, wishing to rid himself of it he drove over to the St. Francis, where he was living, and left it at the pure more. Joy water causes all to forget, sometimes even our names, and his is no doubt the thing responsible for the less of the Kerchel be't.

the moving picture him in the culties, olinson fight at Reno and the fans of the south are now vondering whether or not Rickard! will try to stage the pictives ever in the face of the opposition that has been set up against them or i he will simply give a few private exhibitions with them.

If Rickard is to rry to display the pictures in the face of this opposition he is making a g cat mis ake, for he will never in the world get by with it and he will do the soxing game an injury, from which it will have a hard time recovering. Rickard may be able to show the pictures at Venice, for it is understood there will be no objection made to their being shown but to try to show them at Los Angeles would be footbardy and costly to himself and the boxing

Giving up all h pe . ever setting a chance at the lightweight title Cyclene Johan's Thempson's now matched with Guy Buckles for the welt-made in chambions by of America. Where Buckles got the tible is no regime around ture to say, for I must confess that I never heard to the years, that before. It appears that Buckles has been doing some good lighting in and about Sheridan, Wyon and as a rearly frager of tion the members of the Sheridan Athletic Club chipped in together and prochased the best which is claimed to be the welterweight of ampion hip belt. Thekles and Thompson are to meet in a two ty-r and contest on Labor Day at 145 pounds. It will be well in a limbles to he a lots of pictures taken of himself with the belt and went it as much as possible, for unless he is a great deal better can that we believe be is September 5th will mark the last time be will have it in his possession.
